RE: Christmas & New Year Shutdown 2026/2027

Please note Eveready Hire Limited will be closing for business over the Christmas period from 12 Noon on the 24th of December 2026 and will re-open for business at 7:00am on the 4th of January 2027.

Should you request that we remove plant from your sites for the holiday period, we would ask that you give us 10 working days' notice to enable us to book your collections in as this is traditionally the busiest period of the year for our transport department. Late bookings of collections cannot be guaranteed and may not be collected until January after the holiday period.

If you intend to return by your own transport, this must be done no later than 12:00pm on the 18th December 2026. All plant remaining on site and suspended over the holiday period will remain the responsibility of the hirer under the CPA terms and conditions. Please be advised only mechanical plant items will be suspended if remaining on site except for Welfare Units, Tower Lights, Generators over 5kva, Fuel Tanks and Bowsers which will be chargeable.

If you wish to suspend hire charges, then please inform us in writing by Friday the 4th of December 2026 detailing the dates you wish to include in the suspension. If we are not notified, suspensions will not be applied.

May we take this opportunity to thank you for your business over the last year, and we look forward to supplying you in 2027 and beyond.

Finally, with that said we at Eveready Hire Limited would like to wish you all a very Merry Christmas and a wonderful New Year.

Donovan Wilson
Eveready Hire Limited
