

Mobile Plant Mechanic

Company Description

Eveready Plant and Tool Hire provides plant and tool hire services across London, the Home Counties, and surrounding areas. The company focuses on delivering reliable equipment and responsive support to a wide range of construction and trade customers. Its success is driven by a commitment to a “Straightaway service,” ensuring fast turnaround times and minimal downtime for clients. Team members work in a dynamic environment where customer satisfaction, safety, and equipment reliability are key priorities.

Role Description

This is a full-time, on-site Mobile Plant Mechanic role based in Godstone. The Mobile Plant Mechanic will be responsible for diagnosing faults, carrying out repairs, and performing routine maintenance on a range of plant and tool hire equipment, both in the workshop and at customer sites. Daily tasks include conducting inspections, completing service records, ensuring equipment is safe and ready for hire, and responding promptly to breakdowns.

The role also involves liaising with the hire desk and customers to plan work, ordering or collecting parts as needed, and adhering to all health and safety procedures. The Mobile Plant Mechanic is expected to maintain a clean and organized work environment and support continuous improvement of maintenance processes.

Qualifications

- A candidate should possess strong mechanical skills, including experience diagnosing and repairing plant, construction, or heavy equipment.
- A candidate should possess practical skills in routine servicing, preventive maintenance, and safety inspections of mobile plant and tools.
- A candidate should possess skills in accurate record-keeping, basic IT use for service logs, and effective communication with colleagues and customers.
- A candidate should possess a valid driver’s license and the ability to travel locally to customer sites as required.
- Relevant vocational qualifications or apprenticeships in mechanical engineering or plant maintenance would be beneficial.
- Experience in the hire industry or a similar fast-paced service environment would be an advantage.

- A strong focus on health and safety, problem-solving ability, and the capacity to work independently and as part of a team are essential.
